EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

the amendments to the specification filed 9/14/06 by applicant have been deleted, namely the phrase "as opposed to a rotational and spiral threaded movement" has been deleted in both occurrences in the specification on pages 4 and 9.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest the claimed fastener, fixture and substrate combination, and the claimed process of using the fastener and fixture in view of the arguments set forth in the paragraph bridging pages 14 and 15 through page 17 of the response dated 9/14/06.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because in Figure 8 the numeral 3 occurs at two locations, upper location should be deleted, and in Figure 10 the outer support member 9 is misnumbered as numeral 25. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Thomas whose telephone number is 571-272-1502. The examiner can normally be reached on 6:30-4:00 M-THUR.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571-272-1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
